Minutes of BARC June 2024 Meeting Thompsonville Airport 6:00 pm 6/27/2024

Called to order by Doug Stolz.

Attendees: 14 members

Minutes of the previous meeting were approved.

Treasurer's Report (Kris Reimersma): The current balance in our bank account is $2,229. Cash on hand $738.

Safety Officer's Report (Doug Stolz): No untoward incidents at either Thompsonville or Empire.

Field Reports: Kris Reimersma and Fred Stafford have successfully worked with the AMA to get both Thompsonville and Empire Airports approved by the FAA for RC flying without remote ID. Appropriate NOTAMS for both airports have been filled. Certain restrictions such as height apply.

Old Business The recent swap meet was a success as was the clubs participation on the Thompsonville Summer Fest.

New Business.

- The Anual BARC airshow is going to be held on August 24, 2024 at the Thompsonville Airport. The Contest Director is Jay Stolz (jtstolz@comcast.net). We expect that there will be good turnout of pilots, as usual, from othe RC Clubs in this area of Michigan. Jay is looking for BARC members to help in all aspects of the show. Please contact him or his brother, Doug (flyingdgs@gmail.com), if you are interesting in helping.\
- There has been discussion by the Thompsonville government to approve a housing development in land adjacent to the west end of the full-scale runway. This would not affect RC flying directly.

Meeting adjourned at 6:30 pm. (Submitted by Peter Blitzer)
